

Application Form - Franco-Chinese Sustainability Awards 2019

Chinese and French companies increasingly aware of their sustainability impacts

As part of the Franco-Chinese Year of the Environment, the CCI Paris Île-de-France and its French-Chinese Exchange Committee, in cooperation with China Europe International Business School (CEIBS, first Business School in Asia) and the Chinese CCI in France, are partnering with KPMG in order to determine the second edition of the French-Chinese CSR Awards winners.

For the 2019 edition, the French-Chinese Exchange Committee of the CCI Paris Île-de-France renews the Franco-Chinese Awards in a more ambitious approach. The purpose of this initiative unique in France is to reward a French company established in China and a Chinese company established in France which stand out for their sustainability measures in the countries where they are established.

Thus, the aims of this competition are:

- to reward both a French company and a Chinese company that are particularly effective and innovative in terms of their sustainability approach;
- to promote the sustainability actions as part of economic cooperation between China and France, whilst promoting the Franco-Chinese Year of the Environment;
- to boost a healthy competitive spirit between French and Chinese companies.

The deadline to apply for one of the two categories "French company in China" or "Chinese company in France" is 31 August 2019. The application form should be sent to the following email: fr-sustainability@kpmg.fr

Please answer all the questions of this form as clearly and concisely as possible. The application of companies which compete in these Awards will first be reviewed by KPMG. During this review, KPMG may contact you in order to ask additional questions. A jury selected by the CCI Paris Île-de-France will then consider the shortlisted applications and determine the winners of the 2019 Awards.

The winners of the 2019 Franco-Chinese Sustainability Awards will be awarded during the next edition of the China-France Investment Dialogue, dedicated to the new consumer trends of the Chinese market, which will take place on 4 October 2019 at the main office of the CCI Paris Île-de-France, 27 Avenue de Friedland, Paris.
